

Test Case 1 for Test Plan 1

Description

Testing the “get all robots” button. The button should display all the robots in the database on the screen for the player to see.

Steps

1. Open the website at “*URL*”
2. Click on “See All Bots” button in upper middle of the screen.

Test Postconditions

1. Robot cards for every robot in the database should appear on the screen showing the robots in the database.
